GENEALOGICAL MATERIAL

IN THE

**NORTH CAROLINA
STATE LIBRARY**

**CONTINUED FROM THE
BIENNIAL REPORT
FOR
1926-1928; 1934-1936**

INTRODUCTION

The genealogical material in the State Library is always available to the researchers. Besides the material in the library the North Carolina Historical Commission has many original marriage bonds, deeds, wills, etc., from the various counties of the State. The Land Grant Office has in its possession the land grants from the counties.

Our biennial report of 1926-1928; 1934-1936 had a complete bibliography of all general genealogy State, County and Family histories, military rosters, newspaper clippings and magazine articles to be found in the library.

In the following pages will be found all the additions to this material which have been added since the last reports.

During 1938 the Duke University Library donated to the State library a portion of the American Genealogical Card Index that they had previously subscribed to, with the understanding that it was to be kept up to date.

The American Genealogical Index, is a consolidated genealogical index published under the auspices of a committee of which Fremont Rider of Wesleyan University Library is chairman. The index fulfills a long felt need of locating genealogical information in all genealogical libraries and replaces Munsells. The cards are received every month at the rate of 200 cards a month.

The staff of the library is too small to permit them to engage in private researches. We however are always glad to refer our patrons to some competent genealogists who will gladly do the work for them at a reasonable rate.
